Call for Proposals and Abstracts
Safer Roads International Conference
May 16-18, 2023 • Richmond Convention Center, Richmond, VA

PROPOSAL/ABSTRACT INFORMATION

Please take the time to submit a thoughtful proposal/abstract that clearly articulates the intent of the workshop or paper. Proposals and abstracts require clear and concise titles, concise and persuasive descriptions, and well-thought-out learning objectives/takeaways.* Spelling and grammar count.

We encourage you to collect your thoughts in advance of going to the online form. Please utilize the attached Call for Proposals and Abstracts document in Word so you can save your work first.

Important note: Promotional sessions will not be accepted (discussion or proprietary products, soft selling, vendor comparisons, etc.). Manufacturers and suppliers are encouraged to invite other industry perspectives to participate in their sessions, when applicable.

**Author notes may be required for certain PowerPoint presentations.*

Workshop, Poster, or Paper Title:

In 14 words or less, define the topic that will be covered. Some examples from previous conferences:

- The Influence of Roughness, Rutting and Changes in Crossfall on Crash Risk
- Trialing Best Value Delineation Treatments for Rural Roads
- Longitudinal and Transverse Variable Application Seal Design for Long Life Seals

Workshop, Poster, or Paper Description (limited to 500 words):

Please share the overall focus and goal of this session or paper.

- Be sure to include key points and supporting topics.
- Your description should build on your title and should attempt to persuade the audience of the value of attending your session. If selected, the description may be modified and used in the marketing brochure and website. You will have the opportunity to approve any changes.

Learning Objectives/Takeaways: (OPTIONAL)

- Learning objectives set the direction of the session and keep the presentation focused. Take into consideration what information you are trying to convey, what the audience should comprehend, and how they will apply the new knowledge. Using action verbs, complete the sentence “Participants will be able to....”

Objective/Takeaway 1:

Objective/Takeaway 2:

Objective/Takeaway 3:

References and Acknowledgements: (OPTIONAL)

Please provide additional supporting information for your proposal/abstract. This should include evidence-based references, research, or acknowledgements.

Preferred Format:

- Paper (15-20 minutes, combined with other papers into single session)
- Poster
- Panel (moderator and multiple speakers, 1-2 hours)
- Lecture (1 speaker, 1 hour)
- Workshop (2-4 hours)
- Other: _____
