

Fleetwood Recording Schedule

This is the tentative schedule of recordings as of July 19 and is subject to change. It is provided for guidance in choosing which sessions to attend in person. We already know that most of the sessions in the Educators' Program, though not listed here, are also going to be recorded and included in the set.

Most sessions will have video images of the speakers' slides synchronized with the audio. The last column in the listing indicates which sessions will have only the audio recorded. In some cases, if speakers provide a PDF copy of their slides, that file will be included, but the slides will not be synchronized with the audio.
